

We have Come with
Best Idea for your outdoor expense
solution for your valued
product / service advertisement.

AUTO RICKSHAW ADVERTISEMENT THROUGHOUT GUJARAT STATE

This is cheapest idea for
outdoor advertisement. In daily
routine we see these mobile
signboards surrounding us and
attract each and every people more
than hoardings or sign boards.
Standing out from the clutter of hoardings,
posters, banners and kiosks, this walking
medium goes to every part of the city, 24 hours a
day, as it manoeuvres into even those areas which
other vehicles cannot reach!

Auto Rickshaws are commonly used mode of
transportation in most cities. An average auto covers
around 100-200 kms of area in a day, while spending about
12-18 hours on roads. Thus, any ad that is displayed on the
hood of the auto would also move throughout the day -covering
high streets, crowded market areas, residential colonies, colleges,
red lights etc, and capturing close to 1 lakh eye balls each day.
This signifies the reach and effectiveness of auto advertising
which is making it preferable amongst most big and
small marketers.

AUTO RICKSHAW ADVERTISEMENT THROUGHOUT GUJARAT STATE

average auto covers

100-200 kms
area in a DAY

on roads

12-18 hours
in a DAY

capturing eye balls

1 lakh
in a DAY
